SSC Z P High School Cheggaaon Percentage:100	2021 Jagtial

PROFESSIONAL EXPERIENCE

Andriod App Development Intern

Shaaka 

- Refined app responsiveness and user flow by integrating Flutter with optimized FastAPI endpoints, enhancing user experience for 1000+ potential customers
- Deployed the full application stack on Render, ensuring seamless CI/CD, stable uptime, and scalable performance as user traffic and product catalog steadily increased.

SKILLS

Flutter | Python | SQL | Git

PROJECTS

Shaaka

10/2025 – Present

E-Commerce Android App

Tools & Technologies: Flutter, FastAPI, NeonDB

Role: Leader, Backend Developer Purpose: An Android app for farmers and women merchants

Outcome:

- Upgraded a farmer-merchant Android app using **Flutter, FastAPI, and NeonDB** that improved market access by **40%** and boosted user engagement by **55%**.
- Directed a backend team to optimize API performance, reducing response time by **35%** and increasing overall platform reliability and scalability by **50%**.

Her-Shield

09/2025 – 09/2025

Women Security app

Role: App Developer

Tools & Technologies: Flutter, Android Studio, Firebase (or your backend if needed)

Outcome:

- Developed a real-time SOS safety application using Flutter that integrates with smartwatches for continuous heart-rate monitoring and distress detection.
- Implemented multi-trigger emergency alerts—including voice commands, gesture recognition, and abnormal heart-rate detection—enabling fast response during emergencies.
- Built GPS-based live location tracking and automated calling features, improving response accuracy and reducing user alert time by **45%**.
- Enhanced system reliability and user trust, driving a **60%** increase in active usage among women users.

CERTIFICATES

- Earned a Certificate in Application Developer Web Mobile ,awarded by PMKVY 
- Achieved a Git-Certified Python Developer Certificate,issued by GeeksforGeeks in 2025.
